

REMARKS

At the outset, Applicant wishes to thank the Examiner for the courtesies extended during the telephone interview of March 27, 2009. At that interview, various amendments to further prosecution were discussed.

By this Amendment, claims 1 and 8 have been amended to delete the metallocene compounds of formulae IIIc and IIId, and to delete substituent R^{18B}. Claim 7 has been amended to correct its form. Entry and consideration of these amendments are earnestly requested as they do not introduce new matter.

Claim Objections

In response to the Objections to claims 1 and 8, summarized in paragraphs 1-3, and 5-7 of the Office Action, Applicant has amended the claims to delete the cited variables. In response to the Objections summarized in paragraphs 4 and 8, appropriate correction has been made. Reconsideration and withdrawal of the Objections respectfully is requested.
